

**APPS TO INSTALL:**

- ✓ **Google Expeditions, Google Street View**
- ✓ **Metaverse**
- ✓ **Galactic Explorer, Mr. Body (for Merge Cube)**
- ✓ **QR reader** (although you 'might' be able to use your phone camera)

**A) Things to explore in VR** (you may use a VR viewer, or not)

**Google Expeditions:**

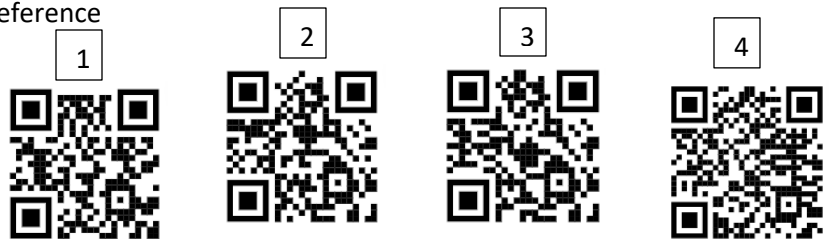

- Murales latinos, La ruta de Cervantes, or your personal preference

**Google Street View:**

- Macchu Picchu, or your personal preference

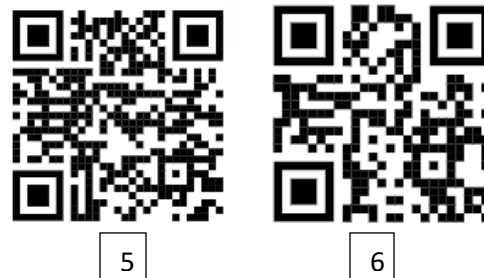

**QR reader (for 360° videos):**

- Dreams of Dali (1)
- The starry night (2)
- Plaza Mayor de España (3)
- Las líneas de Nazca (4)

**QR reader (to view Silvy's examples):**

- Cuba (5-example with Story Spheres)
- Cuba (6-example with Tour Creator)

**B) Things to explore in AR**

**Google Expeditions:**

- The paintings of Frida Kahlo, or your personal preference

**Metaverse:**

- ¿Cómo está ella? (7-example)

**Merge Cube apps** (you need the Merge Cube and to change the language from L1 to L2 on your device):

- Galactic Explorer
- Mr. Body

*Hope you enjoyed the hands-on experience!*

*Thanks for coming to my session!*
